

HD-21

CRAWLER & DOZER.

Allis-Chalmers produced the HD-21 from 1954 to 1969 to compete against the Cat D-8. Wheels of Time models consist of high quality urethane resin body and tracks. Highly detailed 3D printed acrylic for one-piece blade, hydraulic cylinders and exhaust pipe. One-piece blade (HO version) PA12 nylon plastic for extra strength. The revised one-piece blade makes things simpler for modeler.
